OK, I just heard from the ADA in Pittsfield again and that trial has been continued to January, so I am available whenever you want me on Thursday, October 7th. Just let me know when you want me there. Thanks.

I've heard from the ADA for my Pittsfield case on Thursday (10/7) and, as things stand now, the case is still on for trial. Assuming that that does not change, once I'm done testifying I will head to Springfield for your case (I believe you said that you would need me in the early afternoon). I can call when I'm leaving Pittsfield if you would like (what number would be best?). Please keep me informed if anything changes in the [REDACTED] trial (i.e. if you would need me earlier in the morning or the day before so i can work that you with the Pittsfield ADA. Thanks.

Sonja,

I was able to speak to the officer this morning. Unfortunately, how things stand now, the case is still on for trial. I told the officer if things change in the next couple of days, to let me know immediately. But as of right now I would need you to testify on this case. I'll call you as my first witness, if I need to, to make sure you get down to Springfield.

Sorry I don't have better news.

Joe

Hi Sonja,

I still do think the [REDACTED] case will work out short of trial; I'll make some calls this afternoon/tomorrow to make sure that is still on track. So I am still hopeful that you won't have to come to Pittsfield on the 7th. If this ends up being a trial, I will do everything I can to make sure that your testimony is done in the morning, such as calling you as one of my first witnesses. But again, hopefully you won't have to testify on this case at all.

Thanks for all your work on this and the heads up regarding your schedule. As soon as I have a more definitive understanding of what is going to happen, I'll let you know.

Joe

Hi Joe-

I'm curious if there have been any changes with the [REDACTED] case scheduled for trial on Thursday, October 7th? If I recall correctly, I believe you said that you thought that this case may be worked out short of trial? The reason I'm asking is because a Superior Court ADA from Springfield has asked me about my availability for the afternoon of the 7th (see forwarded email below). I wish I could say that the ADA is on top of things and knows what is going on, but, unfortunately, I can't. If the case is still on, would it be possible to get me on the stand before lunch so I could then get to Springfield by 2-2:30 or so? Thanks.

The case of [REDACTED] will be impanelled on Wed. October 6, 2010. This is a definite trial. You will be needed on Thursday in the afternoon. Is this a problem? John Bryson.
